

Regulation (EC) 1907/2006 (REACH) – Substances of Very High Concern (SVHC).

Securo AS is fully aware of the requirements of REACH and of its own obligations. We hereby inform you that, to the best of our knowledge in the production of the following products:

- FireBreather Cavity Barrier
- FireBreather Façade Vent
- FireBreather Air Transfer Grille

we do not use any substance listed by the European Chemical Agency (ECHA) in the “Candidate List of very high concern for Authorization”, lastly updated on June 25th 2022.

The following products:

- FireBreather Eaves Vent

have been evaluated for the presence of restricted substances listed in REACH Annex XVII and does not contain any of the restricted substances within the scope of the restriction condition (Article 67 of 1907/2006).

Securo AS has requested that its suppliers keep the business updated on the presence of any Substances of very high concerns in any articles they supply. The customers of Securo would be informed if any SVHC was identified as being present in the products supplied to them, if also restricted by Annex XVII.

Please refer to the following for the most current candidate list of substances:

<http://echa.europa.eu/candidate-list-table>

Additional information on the European Union’s REACH regulation can be found here:

<https://echa.europa.eu/regulations/reach/understanding-reach>

Please do not hesitate to contact us for any further information you may require.

Kind regards,

Frode Resve

Frode Resve
